STENCIL
Engineering Pvt. Ltd

ISO 9001- 2008

We are leading Interior Designers & Turnkey Contractors, specialising in fitouts and corporate interiors. Over the years, we have achieved eminence in creating sophisticated ambiances for a distinctive multifaceted client-community, ranging from the service, Insurance, healthcare, finance, retail, hospitality, commercial to business process outsourcing sectors. Our team is led by veteran interior design professionals having decades of versatile field experience in the interior design, contracting and allied operations. Together we pilot a well-balanced team of talents, specialising in diverse areas like project management, safety and quality assurance, financial planning to site supervision. Our high professional standards, technical resourcefulness and absolute sense of commitment to individual & corporate values finds expression in our continued preference as design consultants of choice by our valued clients for years on end. We are also committed to minimise our own environmental and carbon footprint.

Our executive team members aren't just managing the directions and vision of our Company, but they are also some of the most influential and renowned people in the interior industry. Their diverse backgrounds and expertise contribute directly to our unique vision and our success.

Hitesh Panchasara

(Managing Director) B.E. (Civil), with over 20 years of extensive experience in the industry. He functions as the Managing Director of the company and has been a key person, responsible for the fast paced growth of the company.

Hina Panchasara

(Director - Administration & Human Resources) She is a B.E. (Textile) with over 7 years of experience in the industry.

Hemanshu Vadgama

(Director - Designing, Accounts & Execution. Exp: 17 years) He has done his B.Sc in Computer Science and is a Diploma Holder in Interior Designing Decoration.

Girish Bhadesia

(Procurement & Site Execution) He is a B.Com graduate with over 15 years of experience in the industry.

Rajesh Padhye

(Business Development & Execution) He has a diploma in Interior Designing and Management and he has over 10 years of experience in the industry.

Our Mission

"To offer a complete range of design, fitout and contracting solutions by delivering high-quality, cost effective projects. To ensure our relationship with our clients is our number one priority and the integrity of our dedicated and committed team drives our dependability and maximises our clients' satisfaction."

Imagine having so many prospects you choose just the ones you want to work with. Communication that builds relationships so strong clients would never consider working with anyone else. A corporate image so good people are astounded at how low your prices are for what you're developing.
